Retreival Augmented Generation

András Kornai

2024 November 6

PLAN FOR TODAY

- Lecture by Sebestyén Pap (see Resources/pap_rag.pptx for his slides)
- Discussion
- Project discussion

1. Infrastructure

- We have the data, do we have the accounts?
- Parse out tables and infoboxes (lab sassion this Friday?)
- Create a big database with lots of tables (Lucene for text)
- Create NL descriptions of tables 'Ez a táblázat Magyarország miniszterelnökeit listázza, dátumokkal'
- Verify DB purity (make sure stuff is not in other WPs)
- Create join chains "X was minister of Y government, Z is son of X"
- Milvus: Kira?
